#### INDEPENDENT ACCOUNTANT'S REPORT

Honorable Reed Walters
District Attorney of the Twenty-Eighth Judicial District
Jena, Louisiana

We have reviewed the accompanying basic financial statements of the governmental activities and other remaining fund information of the District Attorney of the Twenty-Eighth Judicial District, a component unit of the LaSalle Parish Police Jury, as of and for the year ended December 31, 2010, which collectively comprise the district's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District Attorney of the Twenty-Eighth Judicial District's management.

Our review was conducted in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards issued by the Comptroller General of the United States of America. A review consists principally of inquiries of entity personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report, dated June 6, 2011, on the results of our agreed-upon procedures.

The management's discussion and analysis and budgetary comparison information are not required parts of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but were compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District, we offer readers of the District Attorney of the Twenty-Eighth Judicial District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented here in conjunction with the District's financial statements.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

#### FINANCIAL HIGHLIGHTS

- The assets of the District's governmental activities exceeded its liabilities at the close of the most recent fiscal year by \$63,958 (net assets). Of this amount, \$23,967 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The District had total revenues of \$308,213, which is a \$64,475 decrease from last year.
- The District had total expenditures of \$330,941, which is a \$18,581 decrease from last year.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of two components: 1) fund financial statements, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The District is a special-purpose entity engaged only in governmental activities. Accordingly, only fund financial statements are presented as the basic financial statements.

Effective, January 1, 2004, the District adopted Governmental Accounting Standards (GASB) Statement No. 34, Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments.

#### **FUND FINANCIAL STATEMENTS**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

See accountant's report,

Varying degrees of assurance are being provided by the auditor regarding the other information included in this report. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts of this report.

Notes to the Basic Financial Statements

#### NOTES TO THE BASIC FINANCIAL STATEMENTS

#### INTRODUCTION

As provided by Article V, Section 26 of the Louisiana Constitution of 1984, the District Attorney has charge of every criminal prosecution by the State in his district, is the representative of the State before the Grand Jury in his district, and is the legal advisor to the Grand Jury. He performs other duties as provided by law. The qualified electors of the judicial district elect the District Attorney for a term of six years. The District Attorney currently employs ten people.

#### 1. SUMMARY OF SIGNIFICANT POLICIES

#### A. BASIS OF PRESENTATION

The accompanying financial statements of the District Attorney of the 28<sup>th</sup> Judicial District, a component unit of the LaSalle Parish Police Jury, have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, Basic Financial Statements-and Management's Discussion and Analysis for State and Local Governments, issued June 1999.

#### B. REPORTING ENTITY

The District Attorney is an independent elected official; however, the District Attorney is fiscally dependent on the LaSalle Parish Police Jury. The police jury and councils maintain and operate the parish courthouse in which the District Attorney's office is located and provides funds for payroll and other expenses of the District Attorney's office. In addition, the councils and police jury's financial statements would be incomplete or misleading without inclusion of the District Attorney. For these reasons, the District Attorney was determined to be a component unit of the LaSalle Parish Police Jury, the financial reporting entities of LaSalle Parish.

The accompanying financial statements present information only on the funds maintained by the District Attorney and do not present information on the police jury, the general governmental services provided by those governmental units, or the other governmental units that comprise the financial reporting entities.

#### C. Fund Accounting

The District Attorney uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions relating to certain District Attorney functions or activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

#### Governmental Funds:

#### General Fund

The General Fund was established in compliance with Louisiana Revised Statute 15:571.11, which provides that 12 percent of the fines collected and bonds forfeited be transmitted to the District Attorney to defray the necessary expenditures of his office.

The Worthless Check Collection Fee Special Revenue Fund consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specific fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and expenses of the office of the District Attorney, but may not be used to supplement the salary of the District Attorney. Revenues and expenditures of this fund are reported in the General Fund.

#### Pre-Trial Intervention Fund Special Revenue Funds

The pre-trial intervention program is a diversion program which is offered to selected offenders as an alternative to prosecution. Individuals who volunteer to participate in the program are assessed a fee and receive coordinated assistance in job placement, educational and vocational referrals, personal and group counseling, and referrals to other community agencies appropriate to their needs. Fees received may be used for any purpose at the sole discretion of the District Attorney.

#### Fiduciary Funds:

#### Agency Fund

This fund is used to account for payroll and related withholding taxes paid from the office's various funds.

#### D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

#### Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the District Attorney as a whole. These statements include all the financial activities of the District Attorney. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

• **Program Revenues** - Program revenues included in the Statement of Activities are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from the District Attorney's general revenues.

#### Fund Financial Statements (FFS)

The amounts reflected in the General Fund of the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the District Attorney's operations. (See the reconciliation statements).

The amounts reflected in the General Fund in the FFS use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District Attorney considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

#### Revenues

Revenues are recognized when they become both measurable and available to finance expenditures of the current period. "Available" means collectible within the current period or within 60 days after year end. Certain revenues are assessed and collected in such a manner that they can be accrued appropriately.

Commissions on the fines and forfeitures are recorded in the year they are collected by the tax collector, and intermediary collecting government.

Intergovernmental revenues are recorded when the District Attorney is entitled to the funds.

#### Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, if measurable.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

#### Other Financing Sources (Uses)

Transfers between funds, which are not expected to be repaid, and proceeds from the sale of assets are accounted for as other financing sources (uses).

#### E. BUDGETS

Budgets for the General and Special Revenue Funds are adopted on a basis consistent with U.S. generally accepted accounting principles. The proposed budget, prepared on the modified accrual basis of accounting, for fiscal year December 31, 2010 was completed, published, and made available for public inspection. The public hearing was held at the District Attorney's Office for comments from taxpayers. The budget was legally adopted and amended, as necessary, by the District Attorney following the public hearing. All expenditure appropriations lapse at year end. The District Attorney has sole authority to make changes or amendments within various budget classifications.

#### F. Deposits & Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District's investment policy allow the District to invest in collateralized certificate of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments (bank certificate of deposits in excess of 90 days) for the District are reported at fair value.

#### G. RECEIVABLES & PAYABLES

All trade and other receivables are shown net of an allowance for uncollectables.

#### H. CAPITAL ASSETS

Capital Assets, which include property and equipment, are reported in the applicable columns in the government-wide financial statements. Capital assets are capitalized at historical cost. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All Capital Assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Vehicles	3 years
Equipment	7 years

#### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

#### I. ESTIMATES

The preparation of financial statements inconformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.
